William Connors, M.D.
Medical Provider
Positive Impact Health Centers
Atlanta, GA

Dr. William Connors is an adult infectious disease physician providing HIV specialty care at Positive Impact Health's Midtown site in the heart of Atlanta. Certified in internal medicine and infectious diseases in both Canada and the United States, Dr. Connors also holds a clinical lecturer appointment at University of Calgary in Alberta, Canada, where he provides hospital and specialty clinic infectious diseases care. He completed his Medical Degree at the University of British Columbia and subsequently did residency and fellowship training at the University of Calgary. Alongside his current work, Dr. Connors is completing a Master's degree in Public Health with a focus on infectious diseases at Emory University. His research and clinical focus is on improving health service delivery to groups and populations marginalized in society and the healthcare system.

Anthony Campbell RPH, D.O.
CDR USPHS
Medical Officer
Substance Abuse and Mental Health Services Administration
Center for Substance Abuse Treatment
Division of Pharmacologic Therapies

Dr. Anthony Campbell is currently a board eligible candidate in the field of addiction medicine and a Commander in the United States Public Health Service. He serves as the Clinical Specialty Consultant, Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment, Division of Pharmacologic Therapies. Also, Dr. Campbell is an adjunct professor at both Howard University Colleges of Pharmacy and Medicine in Washington D.C.

At SAMHSA, Dr. Campbell is responsible for planning, directing and evaluating the development of pharmacotherapy-based treatment standards and guidelines that require specialized medical review by the Division of Pharmacologic Therapy. Dr. Campbell earned two bachelor's degrees from Howard University;

Chemistry (85) and Pharmacy (88). He earned his Doctorate of Osteopathic Medicine (D.O.) from Ohio University (94). Dr. Campbell additionally completed a residency in Internal Medicine; holds a Board Certification in Clinical Pharmacology, with additional specific training, and is a registered pharmacist (RPH).
